It's trail running season! Yes, I already wrote about this back in the spring, but what better time to revisit this most worthy of subjects than now, at the beginning of its season. Besides, the last installment failed to 1,3,8 answer the philosophical question of what a trail is. It did not deal with why you should run trails. There is another place and another race to hit

Single track usually comes to mind when we think of trails, but there are varieties of trail 4-8 surfaces and routes out there.

What qualifies as a trail is an 8 important question for anyone running them, especially for the

first time. Dictionary.com gives two definitions that tie into one another, describing a trail as "a

path, track, or road, esp one roughly blazed" and "a print, mark, or marks made by a person, animal, or object."

There is no question about whether single track fits these definitions, as 13 their primitive qualities are the very stuff of trails. It could be argued that single track differs from other trail types only in its degree of primitiveness since their use or overuse often necessitates repair, improvement, or even rerouting. To this end, things like earthen and gravel fire roads should count too.

As therapeutic as running is, running on trails is even more so. The mind gets lost in the moment as that path unfolds before you with all its subtle and... often not so subtle obstacles. It's just you and that cluster of rocks on the trail, and that other rock... and those roots... ouch, and that low hanging branch... and that deer watching you!

Trails traverse natural landscapes that can inspire us with their beauty. There is something uplifting about running deep in a forest, along a lakeshore, across an open field, or through a stream valley. Trails take

2ND ANNUAL GODIVA PICNIC

The Second Annual Godiya Picnic will be held September 25 from 3-6 PM at Gate F in Duke Forest (Gate F is the site for the Couch Mountain Run). The site has a large picnic shelter, an outhouse, electricity and a volleyball

court. Directions to the site are on the Duke Forest website at www.dukeforest.duke.edu.

Godiva will provide sub sandwiches, both meat and vegetarian varieties. Godiva will also provide water and sodas. A few weeks prior to the event, an evite will be sent to members at their listed email addresses. You will also be able to RSVP using the Godiva website (www.carolinagodiva.org).

Please plan to bring a folding chair for additional seating (if you have one) and a potluck dish to share. So that everyone does not bring chocolate chip cookies, an alphabetical assignment of potluck dishes is suggested as follows: A-E, Salads, F-M Sides, N-T Desserts, U-Z Appetizers.

CALLING ALL MEDICAL **VOLUNTEERS!**

In order to hold running events in Duke Forest (like several of our Winter Series races), organizers are required to have a designated individual on-site to provide medical aid.

CGTC has always relied on its wonderful volunteers to provide this service over the years, and, in the interest of helping our Race Directors connect with medical personnel and offering the opportunity to as many members as possible, we're creating a database of individuals

who are interested in volunteering in this capacity.

Medical volunteers are covered by the Club's liability insurance, and volunteering at a Winter Series event yields a point towards the Incredibly Beautiful Shirt.

So, if you are a physician, nurse, EMT, physical therapist, physician assistant, or other individual currently licensed to provide basic medical aid, and you're interested in being a medical volunteer at a future CGTC event, please email me at halle.amick@gmail.com. You'll only be contacted when medical volunteers are needed, and you'll always be free to decline.

Trail Running Redux, cont'd from page 1 you through places where you experience something outside the everyday.

Trails and trail races abound in our area. Some of you know about the Raven Rock Rumble each November down in Raven Rock State Park. I ran the inaugural event four years back and returned the following year. It has both 5- and 10-mile events, but I went for the 10 miler each time.

Make no mistake. This race is technical and very hilly. Many past participants will tell you that Raven Rock is tougher than some longer trail races they've run. The park straddles the Cape Fear River where Piedmont hills give way to the coastal plain. The river and nearby streams long ago cut deeply into the land to form the park's namesake feature, Raven Rock, and its sweeping vista of the river valley below. The roller

coaster of hills combined with all its scenery makes this trail race a fun challenge!

Asheville is a mecca for outdoor enthusiasts, including trail runners. For my Asheville experience to feel complete, I have to get a run in at Bent Creek Experimental Forest (BCEF). This natural gem forms a complex of trails with Powhatan Lake Recreation Area and the North Carolina Arboretum. It's easy to feel like you are alone in the wilderness on many of the trails there. I'm sure all the other runners, bikers, and hikers feel the same way before they pass by you!

Most of the trails in BCEF consist of gravel fire roads, but there also is a fair amount of single track. The Homestead and Bent Creek trails take you along Rhododendron lined fire roads and single track along Powhatan Lake and Bent Creek. The forest changes

Trail Running Redux, cont'd from page 3

from mixed hardwoods to white pines and back to mixed hardwoods as you scale Rocky Cove road and the Owl's Ridge trail. Then there is the Shut-In trail that was blazed around 1890 by George W. Vanderbilt. Much of this trail runs along the edge of BCEF, but its 16.3 rugged miles ultimately climb some 3000 feet into the Blue Ridge Mountains to Mount Pisgah!

There is a trail type out there for you. Trail running is good for you and, best of all, fun! As for trail races, my advice is to SIGN UP EARLY before they fill up. Some races take a few months, but others reach capacity within days or even hours! Don't let all that trail fun distract you from signing up in time!

AUGUST BUSINESS MEETING MINUTES

The regular monthly business meeting was called to order at 7:04 pm on August 10, 2011. Attendees included President Chris Boyce, Halle Amick, Patrick Bruer, Jim Clabuesch, Chris Crowder, Carolyn Huettel, Gary Schultz, Cathy Wides and your scribe, Henry Blinder.

In Kevin's absence, there was no Treasurer's report. By e-mail, however, he informed us that July was a quiet month in terms of expenses and revenues. His year-to-year comparison of revenues and expenses for the past few years is pending.

Our first "live" item was from Halle. She filled us in on race directors for the upcoming Winter Series. There will be a new triumvirate of directors to divide up the duties for the first event, the Run for the Donuts. Directors for the other races have been identified. She had several questions regarding insurance and medical support requirements for the races, and the meeting attendees provided answers to her questions. Thanks to all directors for volunteering.

The next report was from Jim: "Membership is fine." We discussed updating the Club's membership information form in the newsletter and the Club's website, to reflect the form and content contained on the membership application in the Club's printed brochure. Jim and Patrick will take the lead on this.

In Charles Alden's absence, Jim also gave us the Summer Track report. This is the final week of the regular track series, and attendance remains strong. There is still a possibility that the One Hour Run (how many times can the racers circle the track in an hour), also known as the "Rockin' Bob Nelson Sweatfest," may be resurrected and held later in August.

We then heard from Gary on the Marathon Training Program While entrants are still coming in, it looks like participation will be down somewhat this year.

Chris C. reported that he's putting on a high school cross-country meet in Oxford in September. We concurred in his request to borrow the

Club's time clock and clipboards for the meet.

Moving onto Other Business, we noted that the September issue of *Running Times* magazine has an "age-group ace" article on Godivan Cathy Wides, a national age group champion. Definitely worth looking for if you haven't yet seen the article. Congratulations, Cathy!

"If there's a bridge, we can cross it." We discussed the status of the long-awaited construction project for the American Tobacco Trail bridge over Interstate 40 and adjacent portions of the trail. Since the initial bids came in substantially over budget, the City will be rebidding the project.

Reflecting the unrelenting heat and lassitude of August, we broke our streak of two straight meeting PR's, adjourning after 48 minutes at 7:52 pm.
